

A CALL TO LANDLORDS

THERE IS A FAMILY IN THE DISTRICT WHO NEEDS YOUR APARTMENT AND WILL PAY FOR IT

The Department of Human Services (DHS) in collaboration with the Community Partnership for the Prevention of Homelessness (TCP) and the Transitional Housing Corporation (THC) are seeking to expand the stock of available, affordable housing options for homeless families in the District. Accordingly, the 500 Families. 100 Days. Quality DC Housing Now Campaign launched on April 1, 2014.

Landlords who currently have available units or are interested in obtaining more information should send an email to ***housethehomeless@dc.gov*** and be sure to indicate the size and location of the apartment.

Tenant Subsidies

Eligible families receive rental assistance until they are able to self pay.

Supportive Services

Families receive wrap-around services such as case management, job search assistance, and any other help needed to successfully transition to becoming self-supportive.

Support For Landlords

Participating landlords receive technical support navigating the unit approval process, and resolving any other issues that may arise.
